Initiatives & Areas of Impact

“

UHP is a non-profit organization that taught me to love the place where I live more every day. As an immigrant, the experience with UHP has helped me to feel part of my community, to understand why it is important to live in a healthy environment and why we as residents should advocate for a more just and equitable community. The UHP team is incredible, they gave me the opportunity to reinvent myself in this country, making me grow into being a great community leader for the common good.

- Alejandro Diaz
former UHP Live Healthy
Little Havana Community Liaison

“

I have learned so much from this organization and my role as a Community Liaison. I am forever grateful for the many things we have been able to accomplish together.

- Ebony Harris,
former UHP Get Moving! Miami Gardens
Community Liaison
