

## About Us

UHP was founded in 2011 with the vision that real, sustainable change could only occur through long-term investment, community-driven approaches, and a commitment to improving health and quality of life. Since then, we have been a leader in driving community public health initiatives throughout southeast Florida, promoting action through partnerships and collaborative local strategies. Our multidisciplinary team brings a unique lens to fulfill our mission to improve community health by integrating our passion and expertise in public and mental health, urban planning and transportation, and community development.
